Dear Kevin:

Hartford Hospital has been working with CBS Radio/Hartford for many years on a number of community/charity events.

One particular event is Nite of Lite Laughter. For the past 10 years we have partnered with Lite 100.5 WRCH for an evening of comedy that benefits the Helen and Harry Gray Cancer Center at Hartford Hospital. The proceeds of this event help make possible potentially lifesaving research in breast cancer. We hope this continues to make the prospect brighter for women and their families that are impacted by this disease. Our comprehensive programs in outreach, prevention, early detection, treatment, support, and quality of life all are enhanced by this support, and we are most appreciative.

On behalf of the patients and families we serve, as well as our own staff, we'd like you to know that we appreciate all the extra efforts WRCH has made to make this event a huge success year after year.

Sincerely yours,
